

Part 1 Architectural Assistant

Competitive salary and benefits

MSMR Architects is a design focused, professional and friendly workplace. We believe in collaboration and value the diverse skills that each of our employees brings to the team.

We are an employee-owned practice which enables employees to have a meaningful stake in the future development of the practice and we have regularly been listed in the good employer guide and shortlisted for BD architectural employer of the year awards. MSMR is BCorp and ISO (14001 sustainability and 9001 quality, and 45001 health and safety) accredited.

We are looking for a creative Part 1 Architectural Assistant to join our talented team of designers working across a diverse portfolio including residential, heritage, commercial, interiors and community projects.

The successful candidate will gain experience in the preparation and development of drawings, models, images and other design documents across all RIBA stages.

Key requirements:

strong academic, design and graphic skills;

excellent written and verbal communication skills;

proficient in InDesign, Photoshop, SketchUp (or similar) and have appropriate rendering competencies. Experience of Autocad and Revit is advantageous;

must be pro-active, use initiative and be a strong team player.

Please send a covering letter, CV and examples of your work to:
